Front End Web Developer

alexkmf96@gmail.com | 509-305-4075 | Medford, OR

in https://www.linkedin.com/in/navarrodesign/   https://github.com/zenaphobia

Creative web developer with a background in multimedia production. Leveraging technical, analytical, and creative problem solving skills to push web designs to the next level.

Technical Skills

- Languages: HTML, CSS, Javascript / Typescript, Python, C#

- Frameworks: Svelte / Sveltekit, React

- Libraries: Bootstrap, Tailwind CSS, DaisyUI, SkeletonUI

- Tools: Git, Github, Adobe Photoshop, Adobe inDesign, Adobe XD

Professional Work Experience

Highway Products | Multimedia Specialist | White City, OR | 2020-2023

- Developed a dynamic product visualizer using Three.js, HTML, and CSS, enabling seamless customization options for customers.

- Created a cutting-edge 3D product visualizer utilizing Unity providing users with an interactive preview of truck cab racks. Increased time on page by an average of 3 minutes.

- Constructed HTML / CSS views and content blocks in Wordpress using Toolset, ensuring efficient management and organization of website content.

- Designed captivating and responsive web pages using Elementor, enhancing user experience and optimizing accessibility.

Projects - *All projects available upon request, or visit my online portfolio: alexnavarro.design*

PowerTasks

Developed PowerTasks, a full-stack web application allowing users to create, edit, and delete tasks and task collections.

- Developed, designed, and deployed a full-stack application using Sveltekit.

- Designed the user interface using Tailwind CSS and DaisyUI, resulting in a clean and visually appealing user experience.•

- Leveraged Pocketbase as the back-end technology for seamless data management, storage and authentication.
